1. May You always be gracious and bless us ev’ry day. May Your face shine upon us as we follow Your way. May You be with us; may Your justice guide this nation. May the people sing praises for the joy of salvation. You are there. You are there.

2. How great are our blessings that flow from above! The land yields its harvest of God’s bountiful love. Let us sing praises, for we know our God is true. We acknowledge our blessings, and we bow down to You. You are there. (How)
You are there.
